ASK FOR EXPULSION OF SEN. LaFOLLETTE

(By Associated Press.) ST. PAUL, Minn., Sept. 26.—Expulsion of Senator Robert M. LaFollette of Wisconsin from the United States senate is demanded in a petition addressed to that body by the Minnesota public safety commission. Senator LaFollette is accused in the commission's resolution of making and address of a disloyal and seditious nature at a public meeting before a large audience at the Non-Partisan League convention last Thursday night in this city. The commission also referred to the United States district attorney

the matter of the conduct of Senator LaFollette and others at the same meeting, with a request that the parties, if found to have violated any federal statutes, be vigorously prosecuted. The commission's action came at the close of an executive session given over almost exclusively to consideration of the LaFollette appeal and a searching examination of A. C. Townley, president of the Non-Partisan League. The latter expressed his disappointment at the statements in which the senator indulged and disclaimed responsibility for permitting the utterances.

SECTION HAND KILLED BY CAR

WANTED TO RAISE A SMALL GRUBSTAKE AND MET HIS DEATH IN AN HOUR.

L. D. Carter, a colored prospector, who was engaged with a companion doing location work on a group of claims in the hills back of Ralston, on the Las Vegas & Tonopah railroad, was shot of funds yesterday and began to work for the railroad with the object of cleaning up a small grubstake. He was engaged as a section hand and went off on the handcar at 7 o'clock. An hour later he was a corpse on the desert. A piece of pipe projecting between the rails threw the motor car off the track and Carter jumped. He fell in front of the car and the wheels passed over his hips. There was no apparent injury, but when the section boss inquired of Carter if he was badly hurt the man replied: "Yes, I am hurt all over." The boss took the prospector and set out for help. When he returned Carter was dead. No one knew anything about the dead man when Coroner Dunsmuir and Frank J. Cavanaugh, the undertaker, arrived from Tonopah and it was only after the body was brought here last night that a search disclosed the name which is supposed to be that of the deceased.

CANDELARIA COMING BACK WITH SILVER

The old camp of Candelaria is coming back with a stride that brings a kick into the silver mining industry. The demand for silver is so great that the old-time dumps are moving and the smelters are clamoring for all the silver bearing ores they can treat. Last night E. S. Chafey and wife motored in from the old camp with the good news that operations were about to begin on the old Lucky Hill mine. This is one of the well known properties of old Esmeralda county and lies between the Northern Belle and Mount Diablo. Mr. Chafey, after whom the camp of Chafey, in Humboldt county, was named, was accompanied by J. W. Neill of Pasadena, who is interested in Nevada mines, and Ed Le Mountain.

EX-PRESIDENT TAFT BACKS UP PRESIDENT WILSON

(By Associated Press.) MONTREAL, Sept. 26.—William H. Taft, president of the general conference of the Unitarian and other Christian churches, has adopted a strong resolution approving the war policies of President Wilson and congress. Mr. Taft said it was the churchmen's duty to aid the government in the war.

MASSACHUSETTS CONTINUES ITS WAR ADMINISTRATION

(By Associated Press.) BOSTON, Sept. 26.—Massachusetts desires to continue a war governor in office for the third term, it was shown when Governor McCall was renominated at the primaries by 58,000 majority over Grafton Cushing. The former lieutenant governor, Frederick Mansfield, a Democrat, was again nominated.

VOTING IN SAN FRANCISCO ON IRON WORKERS' STRIKE

(By Associated Press.) SAN FRANCISCO, Cal., Sept. 26.—The boiler-makers and pattern-makers unions rejected the temporary agreement to end the strike. The rest has not been canvassed yet. If a majority of the 25 unions favor they will return to work.

MACNAMARA MILL BEGINS RUNNING

WILL TREAT EIGHTY TONS EVERY TWENTY-FOUR HOURS AND POSSIBLY MORE.

The MacNamara mill resumed dropping stamps this morning and will continue to run with three shifts for an indefinite period. The bins are filled with ore and Manager J. L. Joseph says he has a surprise in store for those who are watching his pet property. The company has shown great speed to getting action in both mine and mill. In the former the work of overhauling began Thursday and regular mine work was started on the following day. Next day a force of men was placed in the mill looking over all parts and connecting pipes which had been disconnected to avoid freezing, and last night J. B. Tregloan, the former superintendent, reported that everything was in shape to start crushing this morning. Mr. Tregloan will remain in charge.

In the mine work on the 700 began this morning and it is proposed to continue on to the 800 level. The company is employing 40 men in mine and mill.

SHIPPING BOARD HAS FIXED RATE

EVERY AVAILABLE VESSEL SOON WILL BE IN OVERSEAS SERVICE.

(By Associated Press.) WASHINGTON, Sept. 26.—A charter rate of \$5.75 per ton per month has been decided on by the shipping board as the base the government will pay for requisitioned ocean-going merchantmen. Within a short time the board will take over every American vessel available for overseas service.

SINN FEINERS DO NOT ATTEND

IRISH CONVENTION PROCEEDS WITHOUT ANY SIGN OF DISUNION.

(By Associated Press.) CORK, Ireland, Sept. 26.—The Irish convention re-assembled here today. Though no definite arrangement yet has been reached with the Ulstermen, it is said that the speeches of some of their leaders, couched in very eloquent and friendly language, have given good grounds for hope of a peaceable settlement. There was some apprehension of opposition to the convention on the part of Sinn Feiners in Cork, but John Macneil and Arthur Griffiths, the Sinn Fein leaders, urged their followers in the city to follow the example of their Dublin compatriots and let the convention alone.

MAY AVERT STRIKE OF SEATTLE WORKERS

WASHINGTON, D. C., Sept. 26.—While the shipping board and plant owners discussed what part of any wage increases to men working on commandeered ships would be paid by the government, but that now, at the president's direction, it was ready to resume the task and hoped for prompt and favorable results. The Seattle situation is the only one in which all union men are concerned. The wage scale contracts there expired August 1 and but for the intervention of the government there would have been a strike August 14. Now the shipping board and the navy have agreed to pay half of any increases granted men working on commandeered ships and the adjustment board believes an agreement acceptable to all parties can be arranged if a little time is given for negotiations.

LABOR REFORMS FROM PETROGRAD

RELEASE OF PRISONERS ON PAROLE AND A WORKERS' CONCILIATION BUREAU.

(By Associated Press.) PETROGRAD, Sept. 26.—The government has enacted two important reforms, the liberation of convicts for the expiration of terms upon the promise of good conduct and the establishment of conciliation courts for the settlement of disputes between employers and workers.

STEALING LUMBER FROM KIDNIES' SWIMMING POOL

Some miscreant has been stealing the dimension lumber from the kidnies' swimming pool which the miners and their children are completing with their dollar and dime subscriptions. If the thief should be found out he may depend on receiving a coat of tar and feathers and ridden on a rail through the center of the camp in daylight. This is nothing more than taking candy from the babies.

AMUSEMENTS

"INTOLERANCE" AT THE BUTLER

Tonight will be your last opportunity to see D. W. Griffith's gigantic film spectacle, "Intolerance," which cost this celebrated director two and a half million dollars to produce. It is conceded to be the greatest film achievement the world has ever seen. This picture has been seen by a great many of the Tonopah theatergoers when shown here about five months ago, but it is a picture—so large—so gigantic—carrying four complete stories through it, that it is appreciated, understood and enjoyed much more the second or third time it is seen than it is the first; in fact, it is a picture that should not be judged on its first presentation, and now, that this mammoth production can be shown at popular prices, we ask those who saw it on its initial showing to come and see it again, as we are absolutely confident that you will like it better the second time than you did the first. It is the most daring innovation in the history of drama since the time of the ancient Greek. It cost more than any ten plays you ever saw. Four stories of different eras of the world's development merge into a mighty climax. It is pre-eminent because it tracks "Intolerance" to its lair and dares to tell the truth.

JAMES F. BURNS DIES IN COLORADO SPRINGS

NOTED CRIPPLE CREEK MINING MAN PASSES—HAD LARGE NEVADA INTERESTS.

James F. Burns, noted mining man of Colorado Springs and Cripple Creek, Colo., died at his home at Colorado Springs Sunday, according to a telegram received in Reno by John Harnan from James T. Hawkins, who has for many years been associated with Mr. Burns in his mining enterprises. No details of the cause of death were given.

Burns was one of the discoverers of Cripple Creek in the early '90s, being jointly interested with John Harnan, Frank J. Peck and James Doyle in the discovery and location of the famous Portland mine and other properties, from which each amassed fortunes. Burns has ever since that time been one of the leading figures in the development of Cripple Creek mining and kindred interests, and has for years been one of the foremost financial men in that state.

Mr. Burns was also heavily interested in mining in Nevada, being a large holder of stock in the Florence Goldfield and other Goldfield companies, and also in the Nevada Hills.

He has visited Nevada on several occasions to look after his mining interests, and it is with deep regret that his many friends in this region will learn of his death.

Advices received from Colorado Springs state that Mr. Burns died of cerebral hemorrhage. He had been ill about two weeks. Mr. Burns was 64 years of age and he leaves a widow, son and daughter, who left New York Saturday in an effort to reach his bedside before death.

ANOTHER SAUER KRAUT CHASER

Charles Brown, superintendent of the Tonopah Bonanza Mining Company, is going around today with a broad smile and the remark that "there is a rattling big Sauer Kraut Chaser at our house." Of course, everybody knew what he meant and they drank to the health of the newcomer in the national German beverage.

SEATTLE SHIP YARD STRIKE NOT DEFERRED

(By Associated Press.) SEATTLE, Sept. 26.—The strike committee of the metal trades council has decided to make no attempt to postpone the ship yard contract shop strike set for Saturday, as the effort would fail and breed disorganization, it is declared.

FALLON FURNITURE FIRM BUYS OUT W. O. DRESSER

Late yesterday afternoon a sale was consummated by which the Frazzini-Harcourt Furniture Company of Fallon, Nev., became owners of the stock and fixtures of the W. O. Dresser furniture house on Main street. The buyers are known among the state and they say they will soon convince Tonopah citizens that they deliver the goods. Mr. Dresser proposes devoting his whole time to his mining interests situated southeast of Tonopah near the Lincoln county line.
